A Lillian Smith Reader Lillian Eugenia Smith, 2016 Bringing together short stories, lectures, essays, op-ed pieces, interviews, and excerpts from her longer fiction and nonfiction, A Lillian Smith Reader offers the first comprehensive collection of her work.

Strange Fruit Lillian Eugenia Smith, 1992 Prelude and aftermath of a lynching in Georgia, depicting the South's unsolved racial problem.

How Am I to Be Heard? Margaret Rose Gladney, 2018-06-15 This compelling volume offers the first full portrait of the life and work of writer Lillian Smith (1897-1966), the foremost southern white liberal of the mid-twentieth century. Smith devoted her life to lifting the veil of southern self-deception about race, class, gender, and sexuality. Her books, essays, and especially her letters explored the ways in which the South's attitudes and institutions perpetuated a dehumanizing experience for all its people--white and black, male and female, rich and poor. Her best-known books are *Strange Fruit* (1944), a bestselling interracial love story that brought her international acclaim; and *Killers of the Dream* (1949), an autobiographical critique of southern race relations that angered many southerners, including powerful moderates. Subsequently, Smith was effectively silenced as a writer. Rose Gladney has selected 145 of Smith's 1500 extant letters for this volume. Arranged chronologically and annotated, they present a complete picture of Smith as a committed artist and reveal the burden of her struggles as a woman, including her lesbian relationship with Paula Snelling. Gladney argues that this triple isolation--as woman, lesbian, and artist--from mainstream southern culture permitted Smith to see and to expose southern prejudices with absolute clarity.

The Fourth Ghost Robert H. Brinkmeyer, 2009 In the 1949 classic *Killers of the Dream*, Lillian Smith described three racial ghosts haunting the mind of the white South: the black woman with whom the white man often had sexual relations, the rejected child from a mixed-race coupling, and the black mammy whom the white southern child first loves but then must

reject. In this groundbreaking work, Robert H. Brinkmeyer, Jr., extends Smith's work by adding a fourth ghost lurking in the psyche of the white South -- the specter of European Fascism. He explores how southern writers of the 1930s and 1940s responded to Fascism, and most tellingly to the suggestion that the racial politics of Nazi Germany had a special, problematic relevance to the South and its segregated social system. As Brinkmeyer shows, nearly all white southern writers in these decades felt impelled to deal with this specter and with the implications for southern identity of the issues raised by Nazism and Fascism. Their responses varied widely, ranging from repression and denial to the repulsion of self-recognition. With penetrating insight, Brinkmeyer examines the work of writers who contemplated the connection between the authoritarianism and racial politics of Nazi Germany and southern culture. He shows how white southern writers -- both those writing cultural criticism and those writing imaginative literature -- turned to Fascist Europe for images, analogies, and metaphors for representing and understanding the conflict between traditional and modern cultures that they were witnessing in Dixie. Brinkmeyer considers the works of a wide range of authors of varying political stripes: the Nashville Agrarians, W. J. Cash, Lillian Smith, William Alexander Percy, Thomas Wolfe, William Faulkner, Katherine Anne Porter, Carson McCullers, Robert Penn Warren, and Lillian Hellman. He argues persuasively that by engaging in their works the vital contemporary debates about totalitarianism and democracy, these writers reconfigured their understanding not only of the South but also of themselves as southerners, and of the nature and significance of their art. The magnum opus of a distinguished scholar, *The Fourth Ghost* offers a stunning reassessment of the cultural and political orientation of southern literature by examining a major and heretofore unexplored influence on its development.

Ely Ely Green, 1990 *Ely Green* was born in Sewanee, Tennessee, in 1893. His father was a member of the white gentry, the son of a former Confederate officer. His mother was a housemaid, the daughter of a former slave. In this small Episcopal community--home to the University of the South--Ely lived his early childhood oblivious to the implications of his illegitimacy and his parentage. He was nearly nine years old before he realized that being different from his white playmates was of any real significance. An incident at a local drugstore marked the beginning of what would be a painful rite of passage from an idyllic childhood through a tormented adolescence as Ely struggled to understand why he could not wholly belong to either his father's world or his mother's. I was having a struggle within, he writes, . . . learning to hate white people after I had been taught that they were all God's children and we are to love everybody. At age eighteen, still warring to reconcile one part of himself with the other, he fled the mountains of Tennessee--and a brewing lynch mob--for the plains of Texas and a new beginning. Straightforwardly recounting his early life, rising above bitterness and pain, Ely Green gives his readers an astoundingly honest and poignant portrait of a young man trying to come to terms with race relations in the early twentieth-century South.

East Side Dreams Art Rodriguez, 2010 *Travel with Art Rodriguez* as he dreams of his past. He experiences an unpleasant

childhood full of difficult obstacles that could have profoundly impaired his chance for a normal life. Life appears hopeless during those young years as he struggles to discover who he really is and at the same time contends with his dictatorial father. Travel with him as he takes you through the California Youth Authority, the prison system for young offenders. In this story, which brings laughter and tears, both young and old can find comfort in knowing that when life appears bleak and there seems to be no hope, events in life can change. In 1975 Art Rodriguez started a successful business in San Jose, the city in which he was born. Grow with him in his life and experience with him the hardships and successes of a new business.

The Forgotten Soldier Carroll Durham, 2010-07-15 This is a story of Carroll A. Durham becoming a soldier as an African American during the Vietnam War. It is a story that has never been told. Carroll was diagnosed with post-traumatic stress disorder in 1993. He is a poster child for getting the word out about what it was like for 300,000 veteran casualties who served out of 2, 500,000 troops that served in Vietnam. There are very few books in the market about the African American soldier. This story tells of the trials and tribulations of black male youth growing up during the Civil Rights Movement in the new integrated army. The story is also similar to the 30,000 casualties of the Iraq war who suffer just like the Vietnam veteran along with their families. Carroll dreamed of being a soldier growing up in his father's footsteps by him being a person in uniform during World War II. Carroll wanted to know what it was like being a soldier in the Vietnam War. He wants this story to get out to the families of the Vietnam Era so they can see what their patriots went through during this period in our American history.

The Book of Disappearance Ibtisam Azem, 2019-07-12 What if all the Palestinians in Israel simply disappeared one day? What would happen next? How would Israelis react? These unsettling questions are posed in Azem's powerfully imaginative novel. Set in contemporary Tel Aviv forty eight hours after Israelis discover all their Palestinian neighbors have vanished, the story unfolds through alternating narrators, Alaa, a young Palestinian man who converses with his dead grandmother in the journal he left behind when he disappeared, and his Jewish neighbor, Ariel, a journalist struggling to understand the traumatic event. Through these perspectives, the novel stages a confrontation between two memories. Ariel is a liberal Zionist who is critical of the military occupation of the West Bank and Gaza, but nevertheless believes in Israel's project and its national myth. Alaa is haunted by his grandmother's memories of being displaced from Jaffa and becoming a refugee in her homeland. Ariel's search for clues to the secret of the collective disappearance and his reaction to it intimately reveal the fissures at the heart of the Palestinian question. The Book of Disappearance grapples with both the memory of loss and the loss of memory for the Palestinians. Presenting a narrative that is often marginalized, Antoon's translation of the critically acclaimed Arabic novel invites English readers into the complex lives of Palestinians living in Israel.

Chick Bassist Ross E. Lockhart,2012-10 Chick Bassist is utterly savage. Lockhart's style waxes poetic as a modern Beat giving us a glimpse into Rock & Roll hell. - Laird Barron, Shirley Jackson Award-winning author of Occultation and The Croning Erin Locke, the Queen of Rock, wakes up at the crack of noon. La Cucaracha has infested her dream, and now echoes through her hotel room. What the fuck is that? Erin's voice is muffled by the thick blankets that completely cover her. Beside the lump that is Erin lies a black Ibanez bass guitar. A Heroes for Goats sticker adorns its reflective surface. Erin thrusts one arm out from beneath the blankets and fumbles for the nonexistent alarm clock. She's still slogging off fragments of her dream, that goddamn recurrent creep-out where she's a praying mantis, translucent green, perched on the crest of a burning city, devouring her still-copulating preymate. This time her meal had worn her father's face. Those dreams were the worst. Chick Bassist welcomes you into punk rock hell, the friendless disillusionment of waking up in a shitty motel room in California with half a joint and an empty six-pack, radio blaring Lou Reed, concrete ocean on all sides and a blazing inferno within.

Edinburgh Dusk Carole Lawrence,2018 The prize-winning author of Edinburgh Twilight returns to the darkening shadows of nineteenth-century Scotland to track a killer on a profane mission of revenge. A wicked Scottish winter has just begun when pioneering female physician Sophia Jex-Blake calls on Detective Inspector Ian Hamilton to investigate the suspicious death of one of her patients--a railroad lineman who she believes succumbed to the horrific effects of arsenic poisoning. The most provocative aspect of the case doesn't escape Hamilton: the married victim's numerous sexual transgressions. Now, for the first time since the unexplained fire that killed his parents, Hamilton enters the Royal Infirmary to gain the insights of brilliant medical student Arthur Conan Doyle. Then a second poisoning occurs--this time, a prominent banker who died in the bed of a prostitute. It appears that someone is making Edinburgh's more promiscuous citizens pay for their sins. As the body count rises and public panic takes hold, Hamilton and Doyle delve into the seedy underbelly of the city, where nothing is as it seems, no one is immune to murder, and even trusted friends can be enemies in disguise.

Critical Essays on the Writings of Lillian Smith Tanya Long Bennett,2021-11-01 Contributions by Tanya Long Bennett,

David Brauer, Cameron Williams Crawford, Emily Pierce Cummins, April Conley Kilinski, Justin Mellette, and Wendy Kurant Rollins As a white woman of means living in segregated Georgia in the first half of the twentieth century, Lillian Smith (1897-1966) surprised readers with stories of mixed-race love affairs, mob attacks on “outsiders,” and young female campers exploring their sexuality. *Critical Essays on the Writings of Lillian Smith* tracks the evolution of Smith from a young girls’ camp director into a courageous artist who could examine controversial topics frankly and critically while preserving a lifelong connection to the north Georgia mountains and people. She did not pull punches in her portrayals of the South and refused to obsess on an idealized past. Smith took seriously the artist’s role as she saw it—to lead readers toward a better understanding of themselves and a more fulfilling existence. Smith’s perspective cut straight to the core of the neurotic behaviors she observed and participated in. To draw readers into her exploration of those behaviors, she created compelling stories, using carefully chosen literary techniques in powerful ways. With words as her medium, she drew maps of her fictionalized southern places, revealing literally and metaphorically society’s disfunctions. Through carefully crafted points of view, she offers readers an intimate glimpse into her own childhood as well as the psychological traumas that all southerners experience and help to perpetuate. Comprised of seven essays by contemporary Smith scholars, this volume explores these fascinating aspects of Smith’s writings in an attempt to fill in the picture of this charismatic figure, whose work not only was influential in her time but also is profoundly relevant to ours.
